

ARCHITECTURAL WALL SYSTEMS CEU

Presented by Krueger International, Inc.

The purpose of this Continued Education Unit (CEU) is to provide an opportunity to increase your knowledge on the sustainability of Movable Walls.

After completing AIA/CES certified program, you will be able to:

- Explain how Movable Walls can help industries prepare for, and reduce costs of change.
- Identify the types of wall options and differentiate the features.
- Explain the environmental benefits of using Movable Walls.
- Describe the tax/financial benefits of Movable Walls.
- Define STC and explain its importance in the workplace.
- Identify the future trends and applications of Movable Walls.

One-hour program participation value is one (1) AIA/CES Learning Unit.
